

# Take Good Care of My Heart

Whitney Houston

Houston Whitney  
Whitney Houston  
Take Good Care Of My Heart  
Time can pass so slowly  
When you feel so all alone  
Love can strike our hearts like lightning  
When you find yourself a home  
I've seen it in the movies  
Read about it in a book  
I never thought I'd feel it  
But your touch was all it took  
Take good care of my heart  
Take good care of my heart  
Baby you're the first to take it  
You're the only one who can break it  
I love you more than I should  
But it keeps me feeling so good  
I've waited for your love forever  
You're the one to take good care of my heart  
Come and make your magic  
Till you have me hypnotized  
If we get any closer  
I'll be drowning in your eyes  
You're the one I needed most  
When my love was on that line  
Oh I'm so glad you gave me yours  
When I gave you mine Repeat
