

Karma Pyre

Stuart Davis

With all the love in my life
Burning a body down
With all the love in my life
Burning a body down
till the flame is clear

Love is burning the body white
color of a lie thought of as a life
burn the body white

Love is burning the body black
all of my beliefs turning into ash
burn the body black

As I love you

As you love me
till the flame is clear

Love is burning the body red
color of a child screaming in my head
burn the body red

Love is burning the body blue
color of our sins melting into you
burn the body blue

As I love you

As you love me
till the flame is clear

With all the love in my life
Burning a body down
till the flame is clear

Gold, gold
burn the body gold
Gold, gold
color of a tear
Gold, gold
as we disappear

color of a tear

With all the love in my life
burning a body down
