

# O.K. (feat. Tyler, The Creator) [Bonus Track]

## Mac Miller

Get 'em Mac, Mac, Mac, Mac  
Mac, Mac, Mac, Mac, get 'em  
Girl, shake that bodyWhoa, what do we have here?  
People wanna know how we could be that weird  
How many hoes wanna clean Mac's beard?  
I kill flows, think I need that tear on a tattoo  
My bitch suck, she a vacuum  
Fuck her in the ass every time I'm in a bad mood  
Ain't got a choice, know she do it cause she have to  
I hit it raw while I'm listening to Papoose  
No respect cause you wear a V-neck  
I mean stress, pressure that could even make Keith sweat  
I wish Narnia was on a GPS  
I wish Rihanna was DTF  
I got rich with these rap songs  
Bought a drug problem, now the cash gone  
Album filled with all sad songs  
But this the one that I can laugh on  
Get 'em Mac, Mac, Mac, Mac  
Mac, Mac, Mac, Mac, get 'em  
Girl, shake that bodyGirl, shake that body, them ass and totties  
I want to see them cankles at my hotel lobby  
Bitch, why you so damn snobby?  
Your ass flatter than the back of my head  
I bought you dinner now it's time to pay me back in some head  
Or I'ma have my little sister beat the back of your head  
I'm a grade-A douchebag, I'm a dickhead  
Asshole area where my gooch sag  
Little momma got salty at me, she started talking tough  
So I called the Wolf Gang up, they start to bark it up  
Popped a hundred mollies, fixed sherm, think I was sparking up  
A bottle of Zima, the beamer, I started parking up  
Seen my nigga, Mac, and he hopped in the back  
And then we jet to Fatburger, ordered some Big Macs  
And bitch came with a gauge, and she wanted my fade  
But I'm a bitch-ass nigga so I say  
Get 'em Mac, Mac, Mac, Mac  
Mac, Mac, Mac, Mac, get 'em  
Girl, shake that bodyT-Dollaz and Mac Meezy, making sure you niggas don't win like referees  
Looking for the bitches that love to suck peewee  
Herman, I'm a vermin  
And you could tell I golf with my hat, man, fuck ThurnisI'm at IHOP's and eating with Tyler

Drink cocoa then double-team Mariah  
But please, don't tell Nick  
We were all watching movies at a Motel 6  
Like ha-ha-ha-ha-ha-ha-ha  
I hope Kendrick fuck Gaga  
If Madonna on the Kabbalah  
Then me and Snoop could chill and be Rastas  
I don't need Prada to show you I'm rich  
Pulling out the llama like "Show me your tits"  
Keep crying cause I still ain't over my bitch
