

Feeling Good

Sofi Tukker

[Verse 1]

Let me be too much
Let me be more than enough
Put me in your pocket, just water me with love
I'll stay if you don't lock it, just butter me up

[Chorus]

It's really simple, I'm feeling good
I feel myself and I'm feeling understood
Pet me, feed me, let me rest
Take me on a walk and tuck me into bed
I'm just a needy feline
Stroke my head and I'm fine
It's really simple, I'm feeling good
I feel myself and I'm feeling understood

[Post-Chorus]

Yeah
Yeah

[Verse 2]

Let me be your house cat
Actually, more than that
Touch my tail, hold my eye contact
I can see through you, even in pitch black

[Chorus]

It's really simple, I'm feeling good
I feel myself and I'm feeling understood
Pet me, feed me, let me rest
Take me on a walk and tuck me into bed
I'm just a needy feline
Stroke my head and I'm fine
It's really simple, I'm feeling good
I feel myself and I'm feeling understood

[Chorus]

It's really simple, I'm feeling good
I feel myself and I'm feeling understood
Pet me, feed me, let me rest

Take me on a walk and tuck me into bed
I'm just a needy feline
Stroke my head and I'm fine
It's really simple, I'm feeling good
I feel myself and I'm feeling understood
