

# Nowhere (feat. Busta Rhymes)

Tank

Nowhere (nowhere), nowhere (nowhere),  
nowhere (nowhere), nowhere  
Let my lips be your bar, yeah  
come and take a sip  
Let your hips be your car, girl  
valley over here  
Let me in your private party  
Pop my bottle all on your body You can dance on the pole  
It's a movie up in here for sho  
So bring your body close to mine,  
this is the hottest spot tonight  
So you can tell your friends that you ain't  
going  
nowhere, nowhere, nowhere,  
They're going out tonight and but you ain't  
going  
nowhere, nowhere, nowhere, I make you wanna stay in the house,  
have a party here on the couch  
Fuckin' with me you ain't gon' wanna go  
Nowhere (nowhere), nowhere (nowhere),  
nowhere (nowhere), nowhere  
Know they probably blowing up your phone Tell em 'bout this new shit you on--  
tell how I got you in a zone and you don't need nobody else  
'Cause girl I got these dollars for ya  
It's a raining in the living room oh  
Push you on your shoulda, baby bend it over  
Wit me and you the party's neva ova  
So bring your body close to mine,  
this is the hottest spot tonight  
(Tonight, tonight, tonight)  
So you can tell your friends that you ain't  
going nowhere, nowhere, nowhere  
They're going out tonight and but you ain't  
going  
nowhere, nowhere, nowhere  
I make you wanna stay in the house,  
have a party here on the couch  
Fuckin' with me you ain't gon' wanna go  
Nowhere (nowhere), nowhere (nowhere),  
nowhere (nowhere), nowhere  
Hey, yo, Tank, let me talk my talk  
Okay

I ain't seen you in a while, baby let me get a  
hug  
Reminisce on how I fit you perfect like surgical  
gloves  
Ever since you let me hit it and your skin'll  
burn the rug  
Or the rug'll burn your skin  
Mommy you would make me love the way you  
give it to a nigga  
You would never play with that  
Defenseless even though I was relentless you  
would take it back  
Hittin' every corner pocket, shift a couple vital  
organs  
Puttin' each other to sleep and dreamin' 'til  
tomorrow morning  
It's really good to feel you, yes it is  
Then we drink and start thinkin' about all of  
the shit we did  
And the things we still be doin'  
Let's take time and really own it  
Let's marinate all in it, let's embellish in the  
moment  
Shit be feelin' special, don't it?  
'Specially when I'm left alone with you  
Nothin' left to do, mommy come and get up  
on it  
See everything is feelin' right  
That's why we staying home tonight So you can tell your friends that you ain't  
going  
nowhere, nowhere, nowhere  
They're going out tonight and but you ain't  
going  
nowhere, nowhere, nowhere  
I make you wanna stay in the house,  
have a party here on the couch  
Fuckin' with me you ain't gon' wanna go  
Nowhere (nowhere), nowhere (nowhere),  
nowhere (nowhere), nowhere
