## **I Just Wanna Feel Something**

## Sam Bush

[Chorus] I just wanna feel something Make the music right I just wanna feel something Lay down the rhythm tight

[Verse 1] You play the down beat I'll play the back As long as we're together We're on the right track [Chorus] I just wanna feel something Before I get too old I just wanna feel something 'Cause I despite my soul But you sing the half heart I'll sing the low As long as we're together No matter where we go I just wanna feel something Oohh Ooh I just wanna feel something Don't you wanna feel it too I just wanna feel something I wanna feel it with you 'Cause love all around us Don't you know it's we As long as we're in the [?] That's the way it's supposed to be

I just wanna feel something Wanna feel it tonight Well I just wanna feel something I wanna feel it till it's right Ooh Ohh Ohh
