Lovin' So Hard

[Becky G.](#)

You're the one I wanna talk about
Had a few but you knock them out
Might just let you meet my mama now
Might just let you lock it, lock it down
Guess I've been loving how you are with me
Ain't no fussing ain't no arguing
Every player need a partner
Tell me baby who you're flying with?Like ooh ah, wanna be around you
Got me breaking all of my rules
It's all the little things that you do
That got me like oohWhen I wake up
You're the first thing that comes to mind
Wanna see you like all the time
Yeah we be lovin' so hard
When I wake up
You're the first thing that comes to mind
Wanna see you like all the time
Yeah we be lovin' so hard
We be lovin'
We be lovin' so hard
We be lovin'
We be lovin' so hard
Ain't nobody love him like I love him
Ain't nobody's killing
Damn we be lovin' hard
We be lovin'
We be lovin' so hard
We be lovin'
We be lovin' so hard
I'm missing when I'm holding him
Missing when I'm kissing him
Damn we be lovin' hardTryna find, find the words to say, words to say
To describe what you mean to me, mean to me
Side by side like the ying and yang, ying and yang
Like the stair up to my little wing
And it'd be hard, it'd be harder times
But in the dark boy you are my light, are my light
The boom boom to my dynamite, dynamite
Baby you, you my ride or dieLike ooh ah, wanna be around you
Got me breaking all of my rules
It's all the little things that you do
That got me like oohWhen I wake up

You're the first thing that comes to mind
Wanna see you like all the time
Yeah we be lovin' so hard
When I wake up
You're the first thing that comes to mind
Wanna see you like all the time
Yeah we be lovin' so hardWe be lovin'
We be lovin' so hard
We be lovin'
We be lovin' so hard
Ain't nobody love him like I love him
Ain't nobody's killing
Damn we be lovin' hard
We be lovin'
We be lovin' so hard
We be lovin'
We be lovin' so hard
I'm missing when I'm holding him
Missing when I'm kissing him
Damn we be lovin' hard
