

The Birds, Pt. 2

The Weeknd

(Crying/Gunshot)

[Intro]

Whoa, with a nigga like me

Whoa, with a nigga like me

[Verse 1]

She said please, mercy me, mercy me

Let me fall outta love, before you fuck her, before you fuck her

She begged me, she gave me all her pills

Now my back hurts, she lost control

[Hook]

Now she pleading, she on the floor, she on the floor

Baby got her pleading, she on the floor, she on the floor

She said it won't be long before she falls out of love

It won't be long before she falls out of love

[Bridge: Martina Topley-Bird & The Weeknd]

Sandpaper kisses, papercut bliss

Don't know what this is, but it all leads to this

You're gonna leave her

You have deceived her

You're just a bird

Just a bird

[Verse 2]

I tried to kiss you

But you never let me miss you

But you never let me miss you

I thought I told you

I'm not him, I'm not him

Look what you did, nobody forced your hand

And don't you fall for a nigga like me, I begged, I begged

[Hook]

Now you're pleading, she on the floor, she on the floor

Now you're pleading, she on the floor, she on the floor

She said it won't be long before she falls out of love

It won't be long, before she falls out of love

[Bridge: Martina Topley-Bird & The Weeknd]

Sandpaper kisses, papercut bliss (Oh, my love)

Don't know what this is, but it all leads to this

You're gonna leave her (If she only knew)

You have deceived her
You're just a bird
Just a bird

[Outro]
Just a bird
(Just a bird)
Just a bird
(Just a bird)
Just a bird
(Just a bird)
Just a bird
(Just a bird)
Just a bird
(Just a bird)
Just a bird

(Crows cawing)
