[Hook]

Little mama sexy as she want to be  
She want a pop that pussy for a G  
Some big ol' titties and that ass fat  
Girl go on bounce it like a bad check  
Reached in my pants and pulled my thang out  
Girl go on and show me what that brain 'bout  
When I go in she scream my name out  
She say she love me cuz always fuck her brains out  
I always fuck  
I always fuck  
I always fuck her brains out  
She say she love me cuz always fuck her brains out  
I always fuck  
I always fuck  
I always fuck her brains out  
She say she love me cuz always fuck her brains out

[Verse 1: Montana of 300]

Finger ready I slide two inside  
Pussy so wet that I could scuba dive  
Say bitch I'm covered up with tattoos  
Got my dick harder than a statue  
She suck this dick just like a vacuum  
I'm talking more brain than a classroom  
I sat her on the sink up in her bathroom  
I fucked her there then carried her into the backroom  
I hit that ho hard like a running back  
I pull her hair when I hit from the back  
My baby ain't gotta play with toys  
She always cum when I be takin' charge  
Girl bite this pillow you keep making noise  
I just put my sons to sleep bitch you might wake the boys  
I stretch her out just like a La-Z-Boy  
And she love daddy dick I ain't no baby boy

[Verse 2: Montana of 300]

If you know me you know I like to let the water run  
Super soak that pussy squirt just like a water gun  
And shawty like to scream my name out  
I grab her neck hold up her legs and fuck her brains out  
I suck them titties while she ride me  
Her box got more juice than a Hi-C  
She say it's mine ain't gotta ask her  
When she ride it backwards shawty make that ass jump  
Some big ol' titties and a fat cat  
I feel like Rico throw that ass back  
This bitch got cakes like it's her birthday  
I make her shake just like a earthquake  
Lil bitch so bad I had to spank her  
Fucked up her hair, fucked up her makeup  
I put this dick down like a anchor  
That's why she only pop that pussy for a gangsta
