

# Where the Light Is

## Surfaces

[Verse 1: Forrest]

Keep me where the light is  
Keep me where the bright is  
Two left feet, can you show me where the right is?  
I been on the low side  
I been on the high side  
Think I need to get out, find me in the high tide  
Get out of the wifi  
Get out of the timeline  
I don't need the limelight, just a line of my time  
Take me to that real life  
Take me for a lifetime  
I've been in the dark for way too long, will you

[Chorus: Forrest]

Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is

[Verse 2: Forrest]

Gimme that earth, wind, and breeze  
Rolling down the window, 82 degrees  
All my problems chasing me  
Where I'm going, they can't be  
And if they come, I will go  
To somewhere that's never cold  
Might just stay, til' I'm gray  
Let my worries wash away, will you

[Chorus: Forrest]

Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is  
Keep me where the light is

Keep me where the light is  
Keep me where the light is  
Keep me where the light is
