

# Someday

## Surfaces

[Chorus: Forrest & Alexa]

Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way  
Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way

[Verse 1: Forrest]

You know I can relate, I know how you feel  
Looking for the answers, searching for what's real  
But you don't have to question, if you have all you need  
Cause there's a universe inside of you  
Just wait and see, see, see  
Just wait and see, see, see  
Just wait and see, see, see  
Just wait and see, see, see

[Chorus: Forrest & Alexa]

Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way  
Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way

[Verse 2: Forrest]

You don't have to listen, to that voice inside  
Telling you that light you have will never shine  
Take a journey outside, open up your eyes  
Radiate yourself and  
Never let it hide, hide, hide  
Never let it hide, hide, hide  
Never let it hide, hide, hide  
Never let it hide, hide, hide

[Chorus: Forrest & Alexa]

Ohh, and that rain gonna wash away  
Someday

Ohh, and the love gonna find a way  
Some way  
Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way

[Chorus: Forrest & Alexa]  
Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way  
Ohh, and that rain gonna wash away  
Someday  
Ohh, and the love gonna find a way  
Some way
