

Knew Better / Forever Boy

Ariana Grande

Say you could turn me on
Boy, but that's about it
You can say what you wanna
But I wouldn't believe it
You could write all them songs
That's the game that you play
Tryna write all them bars
But you can't make me stay Cause I... see right through you, boy
And I, I... ain't feeling you no more
I ain't feelin' you no more
If you knew better
Boy, you would do better
Can't nobody love you there like I do
Baby, I could do better
Boy, if you knew better
You would do better
Baby, if you love me like I love you
Maybe we could be together
Cause ain't nobody like me, ain't nobody like me
Ain't nobody like me, ain't nobody like me
Ain't nobody like me
Ain't nobody like me
Ain't nobody like me
Ain't nobody like me
Ain't nobody like me
Ain't nobody like me, baby
Never been with a boy more than six months
I couldn't do it, got too used to it
Ain't nobody ever kept my attention
They couldn't do it, yeah, boy, they blew it But you showed me what it means to be happy ever
after
In love forever
And you gave me the key to all your love and all your pleasure
Boy, I'm a treasure Oh, be forever mine, you and I
Oh, be forever mine, boy, all the time
You're my forever, boy
You're my forever, boy
You're my forever, boy
You're my forever, boy Been friends for a minute
So you know just what I like
You know my mind
You done seen boys come and go

So you know what makes me cry
So you just wanna treat me right But you showed me what it means to be happy ever after
In love forever
And you gave me the key to all your love and all your pleasure
Boy I'm a treasure Oh, be forever mine, you and I
Oh, be forever mine, boy, all the time
Mine, time
Mine, time
You're my forever, boy
You're my forever, boy
You're my forever, boy
You're my forever, boy
