

# Get Off

## Republica

One more day on the roller coaster  
If I scream they spin me faster  
Everything gone backwards  
And its upside down  
Stop me dead oh I think I'm falling  
Falling from the fourteenth story  
One more line and it will be morning  
Hit the floor  
So stop the traffic  
Stop the clock, stop the lot  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
One more job in the supermarket  
One more kick to get me started  
Everyone get on board  
This ship is sinking  
Hanging out I don't want to be there  
Took a train to another city  
Chinese food in a tower block frenzy  
Why I'm here is mystery to me  
So stop the traffic  
Stop the clock, stop the lot  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
Like a speeding car you want more! more! more!  
Like a rattlesnake I hate  
I wanna get off, I wanna get off with you  
Get off  
Get off  
Like a speeding car you want more! more! more!  
Like a rattlesnake I hate  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you  
I wanna get off, I wanna get off with you
