

All Time High

The Sam Willows

I saw you
walked from the doorway
Never thought that you
would look my way
I saw you
closed door behind you
and now my heart bleeds
for you to stay But somewhere in between our lives and all of time
We can say that we were one
and I was your and you were mine Cause you're my all time high
You're my all time high
Cause you're my all time high
Cause you're my all time high
We're coming apart
Right where we started
Picking my heart
From off the floor
So come on let's go
Blast through the night
I'm looking at you for the rest of my life Cause you're my all time high
You're my all time high
Cause you're my all time high
Cause you're my all time high I'm losing you
broken bottles and everything
This is how we say goodbye But somewhere in between our lives and all of time
We can say that we were one and I was yours and you were mine
Cause you're my all time high
Cause you're my all time high
Cause you're my all time high
Cause you're my all time high I saw you
walked from the doorway
Never thought that you
would look my way
I saw you
closed door behind you
and now my heart beats
for you to stay
