

# No One Else

Natalie Walker

Butterflies, gravity, pulls me into  
anticipate offers, touch sweet and so new  
let's figure out how to make this forever  
oh, this is making me crazy

Hey, love I am at the point of no restraint  
let's just make a move and feel the earth quake

It's just you and me  
and no one else  
It's just you and me  
you and me

Slowly now, we shouldn't let this go too fast  
Bring me out of this shell, take off my mask  
This is us interjoined and on fire  
I cannot stop I'm consumed with desire

Hey, love I am at the point of no restraint  
let's just make a move and feel the earth quake

It's just you and me

and no one else

It's just you and me

you and me
