

Movement

Oliver Tree

[Intro]

Movement was the thing that made me stop, it made me stop
Movement was the thing that sent me off, it sent me off

[Verse]

Movement was my only tell
Runnin' through the door yelling, "What the hell?"
I'm moving while you talk your talk
Don't talk shit, we gon' break your jaw
Movement was my only chance
"Full speed ahead" was my only plan
I'm moving while you talk your talk
Don't talk shit, we gon' break your jaw

[Refrain]

I'm movin', I've been on the run, somebody better help me, son
I'm movin', I've been on the run, somebody better save me, son

[Bridge 1]

Who cares if you trace my same steps?
Somedays I wake up braindead
Hook me up on life support
Will somebody tell me what I'm fightin' for?

[Chorus]

Same shit, still hits, now I'm runnin' up
Same shit, risin', I'm comin' up
Same shit, still hits, now I'm runnin' up
Same shit, risin', I'm comin' up, I'm comin' up
My movement's comin' up
Bitch, I'm comin' up
My movement's comin' up

[Verse]

Movement was my only tell
Runnin' through the door yelling, "What the hell?"
I'm moving while you talk your talk
Don't talk shit, we gon' break your jaw
Movement was my only chance
"Full speed ahead" was my only plan

I'm moving while you talk your talk
Don't talk shit, we gon' break your jaw

[Refrain]

I'm movin', I've been on the run, somebody better help me, son
I'm movin', I've been on the run, somebody better save me, son

[Bridge 2]

I speed up, I go faster
No shit, I just rolled right past ya
Hook me up on life support
Will somebody tell me what I'm fightin' for?

[Chorus]

Same shit, still hits, now I'm runnin' up
Same shit, risin', I'm comin' up
Same shit, still hits now I'm runnin' up
Same shit, risin', I'm comin' up, I'm comin' up
My movement's comin' up
Bitch, I'm comin' up
My movement's comin' up

[Outro]

Comin' up
Comin' up
