

# XO / The Host

## The Weeknd

[Part I: XO]

[Verse 1]

Shots of the Henny, bottles of Patrón  
Blunts to your face, you don't wanna sing no more, lost your C notes  
Cabbed all day, took the bus back home  
Evictions on your door, blame it on the weed, blame it on the booze  
Blame it on the night life, light's passin' you, yeah  
Just don't blame it on me, that you wanna come and party  
With a nigga like me, 'cause I get it  
You're built like a Goddess  
And it seems like you been stressin'  
'Specially when your nose red  
From that K, special Diet Coke  
You need more bread, 'now you got no rent  
You blow that money, money  
You try to window shop, you blow another hundred  
She's fuckin' goons in the day  
Hipster nights downtown and your daddy don't know you're out

[Bridge]

If they don't let you in  
You know where to find me  
'Cause if you wanna go again  
You can always call me  
'Cause all we ever do is love  
Open up your mind, you can find the love  
Girl, you ain't alone  
We all been alone  
Baby, just be honest

[Chorus]

(XO) Woo, don't you forget  
(XO) Don't you worry 'bout a thing  
(XO) We'll be everything you need, just believe  
(XO) Yeah, (XO) yeah, whoa

[Verse 2]

I love it when your eyes are red, oh, yeah  
Are you on my cloud yet?  
'Cause I got a brand new cam, can we video feed, can we POV?  
Why? I wanna catch you at your best  
When your hair's a mess  
You look so depressed

And you're filled with regret  
And you feel like you gotta go home, oh  
'Cause these nights pass, so much quicker than the days did  
Same clothes, you ain't ready for your day shift  
But you up, you need money for ya' face lift  
Lust over love is your mindset  
Waken up with most of your side wet  
Another room, you hear your mom cryin'  
Cause she found your bag stuffed in the laundry  
And the Bacardi from the last party

[Bridge]

If they won't let you in  
You know where to find me, oh  
And if you wanna go again  
You can always call me  
'Cause all we ever do is love  
Open up your mind you can find the love  
Girl you ain't alone, we all been alone  
Baby just be honest

[Chorus]

(XO) Ohh, don't you forget  
(XO) No, no, don't you worry 'bout a thing  
(XO) We'll be everything you need, just believe, yeah  
(XO) Yeah, (XO) ooh, whoa

[Part II: The Host]

[Breakdown]

I need, I need something from you  
Oh, there's so much love to pass around  
There's too much love  
Girl, the night's almost done  
And who you came with is already gone  
You said you want me  
But I remember who you are  
And girl, it wasn't long ago  
Didn't think I'd go this far

[Outro]

Well, I got a test for you  
You said you want my heart  
Well, baby you can have it all  
There's just something that I  
Need from you is to meet my boys  
I got a lot of boys  
And we can make you right  
And if you get too high  
Baby, come over here and ride it out  
Oh, oh, oh yeah

Ride it out  
Oh, oh, whoa yeah  
Ride it out  
Ride it out  
Just ride it
