

Recognize (feat. Drake)

PARTYNEXTDOOR

[Intro:]

Gotta get real again, gotta get real again

[Pre-Hook x2:]

No, you got niggas and I got bitches

You got niggas and I got bitches

You got niggas and I got bitches

You got niggas, I want you

[Hook:]

I want you, to turn up on me

Every night when I see you

Better recognize when I see you

I really want you, you, you

Hit the club for you, you, you

Light skin got you new, new, do

Even look like Lauren London too

I be tripping, but this money ain't

Hit the strip, check my money length

Sorry if my whip covered in dank

Cause I've been rollin' with this skunk all day

All these bitches know that you're my nigga

I ain't trippin' off of any of your niggas
Cause I don't care about your nigga, four niggas
Five niggas, six niggas, I ain't give a shit about shit, nigga
(Girl I see you)

[Pre-Hook x2:]

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches
You got niggas, I want you

[Hook:]

I want you, to turn up on me
Every night when I see you
Better recognize when I see you
I really want you, you, you
Hit the club for you, you, you
Light skin got you new, new, do
Even look like Lauren London too
I be tripping, but this money ain't
Hit the strip, check my money length
Sorry if my whip covered in dank
Cause I've been rollin' with this skunk all day
All these bitches know that you're my nigga
I ain't trippin' off of any of your niggas

Cause I don't care about your nigga, four niggas
Five niggas, six niggas, I ain't give a shit about shit, nigga
(Girl I see you)

[Verse 1:]

Girl you must be doin' magic
Girl you must be doin' magic
Turn fuckin' you to a habit
I could name a lot of things any other man
Won't do for you, I do for you
When I hit you at your condo real late
You could see the city, you straight
Then cut like kids cake
I got that feelin' for you, that feelin' that you crave
Each time I do it for you, I make that bad pussy behave
Now pop it, bottles, the top is so open
The budget I'm Party so fuck it
The concierge told me my new baby looking like LeToya Lockett
Let my money get older and older and older and older like Regis
And she will not fuck with no broke niggas, no, nigga, only the richest

[Pre-Hook x2:]

No, you got niggas and I got bitches
You got niggas and I got bitches
You got niggas and I got bitches

You got niggas, I want you

[Hook:]

I want you, to turn up on me

Every night when I see you

Better recognize when I see you

I really want you, you, you

Hit the club for you, you, you

Light skin got you new, new, do

Even look like Lauren London too

I be tripping, but this money ain't

Hit the strip, check my money length

Sorry if my whip covered in dank

Cause I've been rollin' with this skunk all day

All these bitches know that you're my nigga

I ain't trippin' off of any of your niggas

Cause I don't care about your nigga, four niggas

Five niggas, six niggas, I ain't give a shit about shit, nigga

(Girl I see you)

[Verse 2 - Drake:]

Yeah shout the girls from the east who know what's good with me

Shout the ones from the west know what's good with PND

Stories of you and your girls is all I hear

Who do you fuck in the city when I'm not there?

(I owe you time) let's plan somethin' out when I come back from Europe
Swear I'm withholdin' my urges 'til you get this one-on-one shit like your name Katie Couric
I gotta get you those snow tires for your Mercedes, I'm glad you reminded me baby

All of these things slip my mind it's been crazy
Bite on your shoulder I know that's your favorite
Touching yourself to that video we made a month ago
You a freak and your cover's blown
How you talked me into sendin' that to you, I'll never know
Fuck it girl, I'm 'bout whatever though
Yeah I guess a nigga just believe in you
And that's proof for you
Could name a lot of things any other man won't do for you
I'll do it for you, that's real

[Hook:]

I want you, to turn up on me
Every night when I see you
Better recognize when I see you
I really want you, you, you
Hit the club for you, you, you
Light skin got you new, new, do
Even look like Lauren London too
I be tripping, but this money ain't
Hit the strip, check my money length
Sorry if my whip covered in dank

Cause I've been rollin' with this skunk all day

All these bitches know that you're my nigga

I ain't trippin' off of any of your niggas

Cause I don't care about your nigga, four niggas

Five niggas, six niggas, I ain't give a shit about shit, nigga

(Girl I see you)
