Post Malone

I been waiting wide awake for the waves to come and take
Take me right to you
One hundred bottles of the good shit couldn't even bring you back
What am I to do?
Feel like I'm circlin' a giant,
all I see is the remains of an ugly truth
One hundred models I could follow all the way to hell and back
But they can't replace you Oh, oh, oh, ohh
Oh, oh, oh, ohh
Oh, oh, oh, ohh, ohh
Oh, oh, oh, ohh
Oh, oh, oh, ohh
Oh, oh, oh, ohh
Oh, oh, oh, ohh, ohh
I was puttin' on for you like a jersey
What I didn't know then couldn't hurt me
Never thought you were gonna do me dirty
Let me into cover on the east side I was burnin'
But that's just the way it goes
Wish that I could have control
Everybody dies alone Save my breath
But I lost faith a long time ago
Dream nightmares
I guess we're getting used to losing hope I don't even wanna know why you don't answer
When I call your name
Are you on the other side? Will you save us?
Or will you run away?
I'm still waiting wide awake for the waves to come and take
Take me right to you
One hundred vials of denial I know they won't bring you back
What am I to do?
You're my alibi and motive when I'm lyin' to myself of the ugly truth
Quitters strangers to the flame
We will never be the same if we make
it through (and we can make it through) My back is up against the wall
But I used to feel invincible
Yeah it was us against the world
But somehow, someway, the take is comin'
I remember back then
Played my cards right you were my best hand
Still you keep me guessin'
Wonder will I ever get the message Save my breath

But I lost faith a long time ago
Dream nightmares
I guess we're getting used to losing hope I don't even wanna know why you don't answer
When I call your name
Are you on the other side? Will you save us?
Or will you run away? Are you on the other side? Will you save us?
Or will you run away?
