

# This Time You Was Wrong

## Dorrough

Hello  
This time you was wrong, I ain't had no bitch  
No trick, no hoe all over my dick  
This time you was wrong, you say you got evidence  
Fuck that girl, you know you ain't really got shit  
This time you was wrong  
I know them other times you caught a nigga cheatin' red handed  
Yeah girl, I admit it, this time you was wrong  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard  
As soon a nigga fall asleep you all in a  
nigga phone  
I swear you can't wait to catch a nigga doin' wrong  
You lookin' under rocks tryna find a dirty stone  
Before you catch me in the A you prolly see me up and gone  
And girl, I ain't tryna leave me and you alone  
But girl, I'm sick and tired of all this petty shit you on  
So before you fuck it up you better listen to this song  
'Cause when I choose to up and leave you gon' swear I did you wrong  
Yeah, I did a lot of dirt  
back then I admit  
But don't forget you did a lot a shit a nigga won't forget  
'Cause I'm tired of the fightin', the drama, the shit  
Should I leave? Should I peel like a banana and split?  
And girl I'ma warn you one time, this the  
last time  
Next time I'ma be lame, na, na, na, na  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard  
This time you was wrong, I ain't had no  
bitch  
No trick, no hoe all over my dick  
This time you was wrong, you say you got evidence  
Fuck that girl, you know you ain't really got shit  
This time you was wrong  
I know them other times you caught a nigga cheatin' red handed  
Yeah girl, I admit it, this time you was wrong  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard  
Girl, witchu it's never endin', everyday is  
like a game  
Don't matter how we do it everyday I'm in the same  
All that Internet bullshit drivin' me insane  
You tell your son, thanks for grinnin', its gon' leave you in the rain  
And girl, I ain't sayin' I'm  
caught up in the fame  
But you gotta understand that you ain't fuckin' with a lame  
So when these bitches flip down and try to sabotage my name  
You shouldn't leave and get to trippin', you should recognize the game  
'Cause you know these  
hoes choosin' and I know these hoes fake

But see you listen to your friends and that right there be there your mistake  
Plus I'm tired of all the stressin', very little I can take  
Can I live? Can I breathe? Should I leave? Should I stay? And girl I'ma warn you one time, this  
the last time  
Next time I'ma be lame, na, na, na, na  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard This time you was wrong, I ain't had no  
bitch  
No trick, no hoe all over my dick  
This time you was wrong, you say you got evidence  
Fuck that girl, you know you ain't really got shit  
This time you was wrong I know them other times you caught a nigga cheatin' red handed  
Yeah girl, I admit it, this time you was wrong  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard You had me with a throw the towel in, give  
it up  
'Cause you ain't gonna be satisfied 'til I go  
You make me wanna take away my love  
Kiss your ass goodbye now girl, but I ain't tryna put on now show You make me wanna walk  
right out that door  
You make me wanna walk right out that door  
You make me wanna pack my shit  
And when I pack my shit girl, I ain't comin' back no more Yeah, you best believe that  
Girl, you causin' me to stress  
One thing that I suggest, I think you should invest  
Yeah, you best believe that The main problem to address  
You don't know what you possess  
And that's why we don't progress  
And you best believe that I'ma take my time 'til I make my mind  
Should I stay? Should I go? Na, na, na, na  
You make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard This time you was wrong, I ain't had no  
bitch  
No trick, no hoe all over my dick  
This time you was wrong, you say you got evidence  
Fuck that girl, you know you ain't really got shit  
This time you was wrong I know them other times you caught a nigga cheatin' red handed  
Yeah girl, I admit it, this time you was wrong  
Make a nigga wanna holla, oh Lord  
I ain't never met a bitch that tried to swallow so hard  
This time you was wrong
