

Still

Seinabo Sey

[Verse 1]

I've been thinking 'bout tomorrow
Instead of drowning in the past
We had good times even back when
Dreams were all we had to last

[Verse 2]

So as I wake up this bright morning
Nothing's gonna bring me down
Waves are singing, wind is warm and
Summer's here to stick around

[Chorus]

I still, remember me before you
I will, no longer need your rescue
Said I still, remember me before you
I'm no fool
Tell 'em, I'm no fool
Oh oh oh
Oh oh oh

[Verse 3]

It's all clear, perfectly crystal
I've been here long enough to know
When to leave and when to tell you
Time has come to close the show

[Chorus]

I still, remember me before you
I will, no longer need your rescue
Said I still, remember me before you
I'm no fool
Tell 'em, I'm no fool
I'm no fool
Tell 'em, I'm no fool
Oh oh oh
Oh oh oh

[Outro]

Hey, I'm no fool

You need to know that I'm no fool
I am no fool
Baby, I'm no fool
