

# Tannerite

## Demun Jones

Tannerite (yeah)

Tannerite (yeah)

Tannerite (yeah)

We gon' cause some damage tonight

Tannerite (yeah)

I got plenty of bullets

I brought every gun I own

Shootin' big bucks from muddy trucks way back in the sticks

Head to toe Mossy Oak, runnin' with a pack of hicks

S-S-SilveR-R-rado, 6 inches, lift kit

One million lumen in my spot light to get lit

Anything fall in my sights damn sure about to get hit

By my Remington ultra mag and my colt thirty ought six

Bolt action Springfield one hundred seventy fifth

I brought a full rack show everybody I'm with

So we sit back with a 30 pack, buck knife and a crossbow

Not a violent guy, you crossed the line

Oh Lord, Ya'll know now it's gonna get ugly

That's to say the least

I'm going beast mode

When I explode

Off the chain, unleashed

County boys on the prowl don't give a damn tonight

Yeah, we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE

I spent the whole day dialing in my gun sight

Yeah we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE

The moonshine, I love it

City Lights, I hate it

I don't got no time for it if it ain't mud related

Everything looks green in my night vision tonight

Got a back seat full of ammunition

You don't want to pick a fight

I'm just minding my own business in my new spot

That the Game Warden don't know about

My old one done got hot

Now I hear something approaching

I'm seein' it through my goggles

A Sasquatch with a white tale

Shoot to kill is my motto

So we ten foot in a deer stand

Full of beer cans

By the food plot, in July, oh my

Until they catch me I won't stop

And I ain't tryna spot

If it's a ten pointer or not

If I got a clear shot, POP POP

County boys on the prowl don't give a damn tonight

Yeah, we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE

I spent the whole day dialing in my gun sight

Yeah we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE

Pack it up, back it up, lock and load

Breathe in, exhale, squeeze the trigger

Pack it up, back it up, lock and load

Breathe in, exhale, squeeze the trigger

County boys on the prowl don't give a damn tonight

Yeah, we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE

I spent the whole day dialing in my gun sight

Yeah we gonna make it blow like tannerite

Pack it up, pack it up, back up, lock and load

Breathe in, exhale, squeeze the trigger

EXPLODE
