Charity Case

Gnarls Barkley

Give, give, give it away now
Give, give, give it away now
Give it away now
Give it away nowI-I-I don't know what matters to you at this moment
But that's all that matters to meHow are you? [(How are you?)]
Knock on wood
Well I'm not doing so good[About your problem, we couldn't tellAlthough you're worth it, I'm still not well]And I don't understand, how I'm so understanding
I guess that that's all I can beHow are you? [(How are you?)]
I think I can help
But I can't help myself
[Should I be happy, you need my helpI usually just talk to myself]Oh can't you see
Oh can't you see
If I help somebody
Maybe there's mercy for meAh, charity
(One for you, and you, and you)
(One for you, and you, and you) Don't want to bother you baby
But I'm bleeding too, are you needing me like I'm needing you?
Even my shadow leaves me all alone at night
Guess I need to start to take my own advice(La la la la la la la)
(La la la la la la la)Oh can't you see
Oh can't you see
Somebody's a liar
Whoever said freedom was free
Ah, charityGive, give, give it away now
Give, give, give it away now
Give it away now
Give it away nowAlright
Yeah
(Unintelligible)
Charity
Better give it to somebody
