

Moon Tattoo

Sofi Tukker

Moon if I don't bottle you
That may be much more pure
Moon if I don't bother you
That may be much more mature
But Moon, I wanna show you off
I wanna dress in you
And then I wanna take you off
And show my Moon tattoos
Moon I wanna paint you on
Moon I wanna show you off
Moon I wanna show you to
My process and my prayers
Moon I wanna dress in you
Moon I wanna see you blue
Moon I wanna show you how
I won't resist your stare

Moon I wanna paint you on
Moon I wanna show you off
Moon I wanna show you to
My process and my prayer
Moon I wanna dress in you
Moon I wanna see you blue
Moon I wanna show you how
I won't resist your stare

Guess my Moon tattoos should fade
Their gentle silhouette
Moon I'll catch you on again
You tucked me in before we met
You tucked me in before we met
You tucked me in before we met
You tucked me in before we met
