

# Don't Be a Girl About It

Kelly Clarkson

[Verse 1]

Any chance you get to play the worn-out pity card  
Any opportunity to push my buttons hard  
It's gettin' old, your "Poor me" thoughts  
Believe me, boy, when I say "So what?"  
This broken record thing has got to stop  
I'm losing interest in your pillow talk

[Pre-Chorus]

And oooh, it's not looking good  
And oooh, I'm not in the mood  
And oooh, I can't get through  
To you, you

[Chorus]

Don't be a girl about it, 'cause I didn't say yes  
Don't be a girl about it, 'cause I wouldn't pretend  
Don't be a girl about it, and now you're whining again  
Don't be a girl about it, you're such a girl about it

[Verse 2]

Now you're up in arms because I say we're not working out  
You wonder if I loved you from the start, well, I'll tell you what  
I knew a guy who changed my world  
And then he grew into a little girl  
This metamorphosis is just too much  
You're crossing lines that I just can't let go of

[Pre-Chorus]

And oooh, it's not looking good  
And oooh, I'm not in the mood  
And oooh, I can't get through  
To you, you

[Chorus]

Don't be a girl about it, 'cause I didn't say yes  
Don't be a girl about it, 'cause I wouldn't pretend  
Don't be a girl about it, and now you're whining again  
Don't be a girl about it, you're such a girl about it

[Interlude]

And oooh, I'm sleeping with the enemy, oh-oh  
And oooh, I'm counting sheep while you're in love  
(While you're in love)

[Bridge]

I guess it's true that love can grow in different directions  
I chose the high road and you chose to be a girl  
Well, I know you're mad at me now  
And it's all my fault somehow  
Here comes my favorite part  
You're so misunderstood

[Pre-Chorus]

And oooh, it's not looking good  
And oooh, I'm not in the mood  
And oooh, I can't get through  
To you, you

[Chorus]

Don't be a girl about it, 'cause I didn't say yes  
Don't be a girl about it, 'cause I wouldn't pretend  
Don't be a girl about it, and now you're whining again  
Don't be a girl about it, you're such a girl about it

[Interlude]

And oooh, I'm sleeping with the enemy, oh-oh  
And oooh, I'm counting sheep while you're in love (You're in love)

[Outro]

You're such a girl about it  
Don't be a girl about it
