

# Clean Money

Adam Calhoun

[Verse 1]

Not sure what y'all doin', I'm puttin' hard work in

And everything I got bet your ass I earned it

Up early, 4:30

You wanna make clean money gotta get dirty

Tie your boots up, look in the driveway

That ain't a new truck that's an old Chevy

Spray can black paint lookin' ready

She gets me where I gotta go, ol' black betty

Diggin' holes, loadin' dirt, drivin' nails

Got a bunch of stickers on this ol' lunch pail

Yeah, hard hat with a flag on the back

And if you don't like that then it's fuck you Jack (Fuck you Jack)

[Chorus]

Get it in 'til it's time to go

Clock out, get on down the road

This old truck gets me where I gotta go

But she only plays rock-n-roll

Tough shit, hard work everyday

I ain't got a lot but at least I'm gettin' paid (Gettin' paid)

Hard work (Hard work), dirty hands (Dirty hands)

Clean money, oh Lord yeah

Tough shit, hard work everyday

I ain't got a lot but at least I'm gettin' paid (Gettin' paid)

Hard work (Hard work), dirty hands (Dirty hands)

Clean money, oh Lord yeah

[Verse 2]

Not sure what y'all doin', I'm at the bar drinkin'

I work my ass off just to make it to the weekend

So pour a long shot of Jack Daniels

Jim Beam, Johnnie Walker, I'm an animal

Let's crack a cold one it's been a hot day

I'll buy the first round, I finally got paid

I'm just a simple man, make an honest livin'

Came a long way from bein' locked up in prison, yeah

[Chorus]

Get it in 'til it's time to go

Clock out, get on down the road

This old truck gets me where I gotta go

But she only plays rock-n-roll

Tough shit, hard work everyday

I ain't got a lot but at least I'm gettin' paid (Gettin' paid)

Hard work (Hard work), dirty hands (Dirty hands)

Clean money, oh Lord yeah

Tough shit, hard work everyday

I ain't got a lot but at least I'm gettin' paid (Gettin' paid)

Hard work (Hard work), dirty hands (Dirty hands)

Clean money, oh Lord yeah (Lord yeah, Lord yeah)
