

Tennessee Line

Daughtry

I open my lungs
To breathe in forgiveness and love
Haunting me now Reminders of how I used to be
And on down the road
The troubles are sure to follow Looking out the window
The hell if I know where I will go
So I'll just keep on driving...
On my way to LA Looking into the rear-view
As the roads fade away
I've sworn off my past
The first to last bad call
That I ever made
And tell me how to make right
Every wrong turn that I've learned So this could all end tonight
Tennessee line just changed my mind
Well, it's my heart I'll follow this time
Who would've known That pride is so hard to swallow
And as I rest on the shoulder
Of a road growing colder
With the trouble I own Should I just keep on driving...
On my way to LA
Looking into the rear-view
As the roads fade away
I've sworn off my past
The first to last bad call
That I ever made...
And tell me how to make right Every wrong turn that I've learned
So this could all end tonight
Tennessee line just changed my mind
Well, it's my heart I'll follow this time I know I must be doing something right
Head the other way
Back to where I started out Ask myself if I can turn it all around tonight
And stop living with doubt...
Yeah, yeah... On my way to LA
Looking into the rear-view
As the roads fade away
I've sworn off my past
First to last bad call
That I ever made
And tell me how to make right
Every wrong turn that I've learned
So this could all end tonight

Tennessee line just changed my mind
Well, it's my heart I'll follow this time...
I've sworn off my past
And first to last bad call
That I ever made...

(Well, it's my heart I'll follow this time...)
I've sworn off my past (Oh, yeah...)
And first to last bad call
That I ever made...

Gonna turn it all around tonight
(Turn it all) 'round tonight
(Turn it all) 'round tonight
I'm gonna turn it all around tonight
At the Tennessee line...
