Com Sister Sledge (WEA). * I'd like to see {

* You reach your peak {

* And feel the beat { bis

* That gets to me. {

I'd like to see

You reach that sunny day

I hope you can achieve

All of the things you say

But if you don't make it

Don't give up, just fake it

You're not whipped yet

A-come on and try and forget.

* Refrain... { bis.

You occupy

Your time with such silly things

Do you have to go

Everytime a phone rings

And when you don't get

What you want, don't fret

You know it's coming, baby

Relax and stop your running.

* Refrain... { bis. bis, bis, bis, bis.

(I'd like to see you reach your peak)

(And feel the beat that gets to me)

If you really wanna reach your peak

You better follow me because I'm reachin', hey, hey

Hey hey, I feel the rhythm, baby,

Yes, I'm reachin' my peak

(I'd like to see you reach your peak)

I'm reachin' my peak, I'm reachin' my peak

(And feel the beat that gets to me)

I'm reachin' my peak, I'm reachin' my peak, yeah

(I'd like to see you reach your peak)

Woo

(And feel the beat that gets to me).
