

# All the Girls

Tory Lanez

Out of all the damn girls in the world, I done ended up with you  
I'm talkin' all the bad bitches in the world and I ended up with you  
Now I ain't still dwellin' on them girls, but I know that it's true  
I could have been far along with someone else than you Uh, and I wish there was a cure for this  
But there don't seem to be no sort of medication  
Even though we signed up for this  
Oh I know it's gotta be a better way  
We supposed to be  
Lovin' but we fightin' over shit we shouldn't be  
And I got a lot of girls that I could see  
But you don't see...  
Out of all the damn girls in the world, I done ended up with you  
I'm talkin' all the bad bitches in the world and I ended up with you  
Now I ain't still dwellin' on them girls, but I know that it's true  
I could have been far along with someone else than you So I wanna love tonight, woah  
I wanna trust tonight, woah  
I wanna care tonight, woah  
You ain't made love this good in a long time  
So I wanna love tonight  
I wanna trust tonight  
I wanna care tonight  
You ain't made love this good in a long time  
I wanna love  
Yeah a nigga know a lot about it, yeah, a lot about it  
Yeah I had to take some time from it, yeah, I thought about it  
Yeah, though I know you're wrong for the shit you did  
I don't want you to get this wrong, you know you can always get this right  
I been on a mission, dodgin' hoes and duckin' bitches  
I ain't worried 'bout no fuckin' I know that shit come with ditchin' man  
I been on the road, waitin' for some hoes  
To come through to the condo, way up in Toronto  
Let's get it poppin' and shit could stop  
I know I fucked up with them hoes, that shit was nothin'  
So when I'm callin' up your phone that late at night  
You know a nigga wouldn't say it unless I say it right So I wanna love tonight, woah  
I wanna trust tonight, woah  
I wanna care tonight, woah  
You ain't made love this good in a long time  
So I wanna love tonight  
I wanna trust tonight  
I wanna care tonight  
You ain't made love this good in a long time

I wanna love  
Woah, woah, oh, woah  
Woah, woah, oh, woah  
Woah, woah, oh, woah  
Woah, woah, oh, woah  
I wanna love tonight  
I wanna trust  
I wanna care tonight  
I wanna love tonight  
I wanna trust tonight  
Anyone tonight  
Who wanna love tonight?  
I said who wanna love tonight?  
Who wanna trust tonight?  
Who don't wanna lie tonight?  
Who wanna try tonight?  
Who wanna care tonight?  
Who gon' be there tonight?  
Who wanna be by my side  
By my side? Out of all the damn girls in the world, I done ended up with you  
I'm talkin' all the bad bitches in the world and I ended up with you  
Now I ain't still dwellin' on them girls, but I know that it's true  
I could have been far along with someone else than you  
It seemed like things were finally  
adding up  
I had got my music in the right hands of the right people  
They signed me to Interscope  
It was finally that moment  
Big boy you makin' hit records  
The first record I made, was this...
