It seems like the gun fight it's the?fun?life
Ain't?no love life?all these bitches?wanna fuck right
Don't need time 'cause time waiting on nobody

[Verse]

How my Z die? Thought real niggas never die
Gotta sleep tight 'cause people ain't waking up now
I know my nigga made it to heaven, I know it
Wish I could call his phone and tell him how it's going
And this Glock look good with every outfit
I wanna put my nigga on but he ain't out here
I got a feeling for a song, I just dropped yesterday
When its dark clouds you just gotta let it
Rain, you gotta let it rain
Let a nigga run up on me imma let it rain
Before I love one of these hoes imma love the bank
Ain't loving on no lady
Double O lil baby, gang shit
Running with a K
Running from the jakes
Just ain't tryna catch a case

[Bridge]

Long live my Z man
Rest up my motherfucking soldier man
Paper chasing haitian
I'm telling you, this shit real
Double O lil baby
Ain't never love no lady

None of that, you feel me?
Kut Da Fan On

[Hook]

Don't need time 'cause time waiting on nobody
3.5 I'm rolling to get my lungs right
It seems like the gun fight it's the fun life
Ain't no love life all these bitches wanna fuck right

[Outro]

Running with a K
Running from the jakes
Just ain't trynna catch a case
