

# Fairplay

Kiana Ledé

[Verse 1]

I think it's kind of funny

You could say you love me

Turn around and play me, yeah

I think it's kind of funny

You say things you don't mean

Underestimate me, yeah

[Pre-Chorus]

I have always done right by you

Said you're never going to lie, liar

Shit gon' come around full circle

I flip the script on you

[Chorus]

Tell me why you mad

Tell me why you're hurt

Bet you didn't think that the tables would turn

You gon' fuck around

I'ma do the same  
How you like that karma  
How you like that karma  
Yeah, that's just fairplay

[Verse 2]

Now I got your attention  
Let me ask a question  
Did you learn your lesson  
Did it go over your brain  
Now that we're confessing  
I thought we were destined  
You were Mr. Right but you went looking other ways

[Pre-Chorus]

I have always done right by you  
Said you're never going to lie, liar  
Shit gon' come around full circle  
I flip the script on you

[Chorus]

Tell me why you mad  
Tell me why you're hurt  
Bet you didn't think that the tables would turn  
You gon' fuck around

I'ma do the same  
How you like that karma  
How you like that karma  
Yeah, that's just fairplay

[Bridge]

What goes around comes back around  
Guess he wasn't ready for that fairplay  
What goes around comes back around  
Guess he wasn't ready for that

[Chorus]

Tell me why you mad  
Tell me why you're hurt  
Bet you didn't think that the tables would turn  
You gon' fuck around  
I'ma do the same  
How you like that karma  
How you like that karma  
Yeah, that's just fairplay
