

# Hands

Mac Miller

[Intro]

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, ?yeah, ?yeah, yeah, yeah  
Yeah, ?yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, ?yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah

[Chorus]

Yeah, why don't you wake up from your bad dreams?  
When's the last time you took a little time for yourself?  
There's no reason to be so down  
Rather fly around like there's no ground  
And I, I bet you wish you hadn't ate  
'Cause carrying this weight'll break your glass knees  
Yeah, don't need no chauffeur, fuck the backseat  
No, I stay behind the wheel and never half-speed

[Verse]

Get the fuck out of my car, this ain't a taxi  
They love to see me lonely, hate to see me happy  
Call me what you want, she call me "daddy"  
Got a knack for gettin' nasty, every day we keepin' tally, yeah  
Ooh, it's true I want it badly  
Hit the zoom, I be movin' like a athlete  
(Now concentrate) No reason to be that upset  
I'm busy trippin' 'bout some shit that still ain't even happen yet  
I keep it honest as honesty gets  
Don't know why I'm always talkin' if I'm not makin' sense  
I've spent my life livin' with a lot of regrets  
You throw me off my high horse, I'd probably fall to my death  
(Bad behavior) It's obvious you're not on your best  
I might just pull your card if it's on top of the deck  
Give me, give me what I need and then I'm onto the next  
That's what we callin' cause and effect

[Chorus]

Yeah, why don't you wake up from your bad dreams?  
When's the last time you took a little time for yourself?  
There's no reason to be so down

Rather fly around like there's no ground  
And I, I bet you wish you hadn't ate  
'Cause carrying this weight'll break your glass knees  
Yeah, don't need no chauffeur, fuck the backseat  
No, I stay behind the wheel and never half-speed

[Outro]

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah
