

Unstoppable

Foxy Shazam

My mother told me
"Poor boy, be strong"
Some say I won't last
I say they're wrong And we won't back down this time
No, we won't back down this time We are unstoppable
No, we can't be defeated
We are unstoppable
No, we don't need a reason
We are unstoppable Crawling through the dirt
You hurt, I prance
Sticks and stone may hurt
But we don't care
And we won't back down this time
(No we won't, no we won't)
No, we won't back down this time We are unstoppable
No, we can't be defeated
We are unstoppable
No, we don't need a reason
We are unstoppable No, we won't back down this time
No, we won't back down this time We are unstoppable
No, we can't be defeated
We are unstoppable
No, we don't need a reason
We are unstoppable
No, we can't be defeated
We are unstoppable
No, we don't need a reason
We are unstoppable
