

# Can You Learn (feat. R. Kelly)

## T.I.

Hey, I got a question for the ladies out there  
Yeah, cause there's a few things that I would like to know  
Before I fuck with you Oh, baby could you learn  
Could you learn to love a troubled man?  
Oh, baby could you learn  
Could you learn to love a troubled man? You sure you wanna roll with me? I'm a complicated  
man  
Live my life close to the edge, it ain't near safe to stand  
I'm Trouble Man, always into something  
Numb to the consequences, guess it's coming if it's coming  
But so much shit they say that I can't do because I'm famous  
Guess I should live in a bubble like these other entertainers  
The danger's so enticing to me, I don't even notice it  
Guess I get away or get arrested before it's over with  
Prison sentenced every year, got everybody after me  
Reaper on my heels, I'm just praying he don't catch a G  
Imagine me and you, somewhere happy with a few hundred mills,  
Sill I could go to jail for some years,  
Cause I push it to the limit, the danger's so exciting  
I'm loving every minute, girl this life ain't nothing like it  
And you only live once so as long as I'm alive  
I'll be living on the edge  
Shawty, sure you wanna ride?  
Oh, baby could you learn  
Could you learn to love a troubled man?  
Oh, baby could you learn  
Could you learn to love a troubled man? Yeah, hey, hey and they say if the drugs ain't the death  
of me  
The lifestyle will be!  
Law keep arresting me, sucker wanna kill me  
Still we're in the fast lane, grind break, next speed  
A million dollar sports car, smoking on the best weed.  
Fist fights in night clubs for rap beefs,  
Shootings, retaliations, yeah, it's that deed!  
I guess they just got to catch me when they catch me  
Cause I'm putting it in they life if they attempt to disrespect me  
Especially since I know they say what go around come around  
That's why when we go around I keep a gun around  
The bullshit, there be none around here  
But I got a secret though, I wanna change, I swear!  
But suckers won't let me and feds still sweat me  
So I'm looking for the worst to have you praying for the best

Think you can help me if they get me?  
Could you handle shit for me?  
Think about it!  
Is your body sure? the answer for me  
Oh, baby (exactly)  
Could you learn?  
(Think you could learn to love a nigga like me?)  
Could you learn to love a troubled man  
(I know what I need) yeah! (and it's worth it, you know)  
Yeah, yeah, baby could you love?  
(Just think about it for a second)  
Could you learn to love a troubled man, yeah?  
(I mean could you find me near?)  
I deserve you! Girl, would you give me a number?  
If I had an OK car, not much money  
9 to 5 with a future on me, oh  
Tell me, would you ever fuck with a brother like me?  
(If I did time in my life, time, time in my life  
Time, time in my life)  
Tell me, would you give your sex to me?  
I really want to know  
(If I was fighting in the club, fighting in the club  
Fight, fighting in the club, fighting in the club)  
Hey lady, could you learn  
Learn to love a troubled man? Hey, hey, hey baby  
Could you learn (tell me could you learn?)  
Could you learn to love a troubled man?  
(I mean if you knew he was really,  
Really a good-hearted person, man  
Do you think you could put up the bullshit to the outside, man?  
I mean if you saw the good qualities within, man  
Could you, could you ignore all the bullshit that they are saying?  
I'm a product of my environment,  
I can only act as good as life allows me to act  
You know what I'm saying so  
What I need is a good influence like you  
You know what I'm saying?  
Think you can find me, Lord?
