

How Did You Love

Shinedown

You can hear the sound of a thousand voices calling your name
You can have the light of the world blind you, bathe you in grace
But I don't see so easily what you hold in your hands
Cause castles crumble, kingdoms fall, and turn into sand
You can be an angel of mercy or give in to hate
You can try to fight it like every other callus mistake
How do you justify, I'm mystified by the ways of your heart
With a million a lies the truth will rise to tear you apart
No one gets out alive
Everyday is do or die
The one thing you leave behind is
How did you love
How did you love
It's not what you believe
Those friends will make you bleed
But while you're on your knees
How did you love
How did you love
How did you love
Nothing feels quite the same when you are what you dream
And you will never look at anything the same when you see what I see
How we forget ourselves, lose our way from the cradle to the grave
Can't replicate or duplicate, gotta find your own way
No one gets out alive
Everyday is do or die
The one thing you leave behind is
How did you love
How did you love
It's not what you believe
Those friends will make you bleed
But while you're on your knees
How did you love
How did you love
How did you love
This ain't no cross to bury
We are the judge and jury
We are the judge and jury
No one gets out alive
Everyday is do or die
The one thing you leave behind is
How did you love
How did you love
It's not what you believe
Those friends will make you bleed
But while you're on your knees

How did you love
How did you love This ain't no cross to bury
We are the judge and jury
This ain't no cross to bury
We are the judge and jury How did you love x8
