

# Waking the Witch

Kate Bush

Wake Up  
A good morning ma'am, your early morning call  
You must wake up  
Wake up  
Wake up, man  
Wake up child, pay attention  
C'mon, wake up  
Wake up, love  
You shouldn't make the night, but see your little lights alive  
Stop your lying and sleeping in bed! Get up!  
(C'mon! Your ma needs a shower)  
little light  
Can you not see that little light up there?  
Where?  
There?  
Where?  
Over here...  
You still in bed?  
Wake up you sleepy head  
We are of the going water and gone, we are of the water, and the holy land of water...  
Don't you know you've got to wake up?  
Look whose hear to see you...  
...listen to me... help me baby... talk to me, baby... tell them... listen to me... help me  
You won't  
burn  
Red red roses  
You won't bleed  
Pinks and posies  
Confess to me girl  
Red red roses  
Go down  
Spiritus sanctus in nomine...  
Spiritus sanctus in nomine...  
Spiritus sanctus in nomine...  
Spiritus sanctus in nomine...  
Poor little thing  
Red red roses  
The blackbird  
Pinks and posies  
Wings in the water  
Red red roses  
Go down  
Pinks and posies  
Deus et dei domino...  
Deus et dei domino...

Deus et dei domino...  
Deus et dei domino...What is it child?Bless me father, bless me father, for I have sinned... ugh  
red red roses  
Help me baby, listen to me, listen to me, tell them baby  
red whole rose  
Help me baby  
Don't you know?  
I question your innocenceThis black bird...  
...is a stone around my neck  
HA! Damn you woman.AH! Ugh!  
This black bird...  
...is a stone around my neck  
What say you good people?  
Guilty! Guilty! Guilty!  
This black bird...  
I am responsible for your actions!  
Whoa...  
Not guilty!  
...help this black bird.  
Wake of the Witch  
Get out of the waves. Get out of the water.
