

# Equally Lost (feat. Doja Cat)

[Tove Lo](#)

You see I'm looking lonely waiting for somebody  
Waiting for somebody carefree  
Hey, wanna get high with me? I see you looking at me, so I turn my charm on  
Hoping you think I look awesome  
Wanna feel your hands on me Gotta play it up, my way, oh oh  
Gotta play it up, cause I want you, oh  
Wanna run away, run away for the na-night, na-night, night E, equally lost  
With our drunken hearts we'll be dancing more than enough  
E, equally lost  
Yeah we own the night and our hearts are wild and in love  
Used to be so down down, yeah  
Now my heart goes dum dum for ya  
Used to be so down down, yeah  
Now my heart goes dum dum for ya Come undone with me with the rum, hun  
I gotchu with the drinks in abundance  
I ain't tryna get to know no one of ya loved ones  
Cuz I'm a whole other bitch when I'm fucked up, aye  
Tell me what you want, what you into, aye  
And I could tell ya raw what ya been thru, aye  
And me nah want it soft na a gentle, aye  
Just wanna get lost in ya rental, aye E, equally lost  
With our drunken hearts we'll be dancing more than enough  
E, equally lost  
Yeah we own the night and our hearts are wild and in love  
Used to be so down down, yeah  
Now my heart goes dum dum for ya  
Used to be so down down, yeah  
Now my heart goes dum dum for ya
