

# She's Mad

David Byrne

[Verse 1]

Bangin' his head  
Stab in the back  
Look her in the eye and Buddy, you can tell she's crazy  
Smack in the face  
Look at 'em go  
Take a look around and you can see I don't mean maybe

If sex is a weapon  
Who's winnin' this war?  
My legs are too tired  
I can't run anymore

[Pre-Chorus]

She's mad  
She's sore  
I'm getting out for sure  
My time  
Is up  
I just can't stand this stuff

[Chorus]

Said look where you're goin'  
You don't even know what you're knowin'  
Look where you're goin'  
You don't even know what you're knowin'  
Oh now darlin'

[Verse 2]

Heaven's above  
Look out below  
B-B-B-B-B-B-B-B-B-B - Baby  
Fell on his back  
Rubbin' his head  
Pretty little girl; sure as hell she ain't no lady

I'm mild as a bunny  
I'm meek as a lamb  
You lead me to slaughter

I'm mud in your hands

[Pre-Chorus]

I know I say  
I'm findin' out today  
Someway somehow  
I'm gonna pull you down  
So blow me away  
Leave me alone  
I beg you please  
Please come on home

[Chorus]

Now look where you're goin'  
You don't even know what you're knowin'  
Now look where you're goin'  
You don't even know what you're knowin'  
Ooh now darlin'

[Verse 3]

All over the house  
All over the town  
Bit him in the hand and he turned around and hit her with a hammer  
Flippity flop  
Now when does he stop?  
Now here they come again  
And that's the way they live together

[Chorus]

So look where you're goin'  
You don't even know what you're knowin'  
Look where you're goin'  
You don't even know what you're knowin'  
Ooh now darlin'

[Chorus]

Look where you're goin'  
You don't even know what you're knowin'  
Now look where you're goin'  
You don't even know what you're knowin'  
Ooh now darlin'

[Chorus]

Look where you're goin'  
You don't even know what you're knowin'  
Look where you're goin'

You don't even know what you're knowin'
