

One More Drank

Rob \$tone

[Chorus]

One more drink, just one more drink
Can't stop thinking 'bout the world we left
Can't stop thinking 'bout this girl I met
Can't stop thinking 'bout the words she said
Just one more drink, just one more drink
Can't stop thinking 'bout this girl I met
Can't stop thinking 'bout the words she said
Can't get this bitch out my head

Just one more drink, I need one more drink
Yeah, I need one more drink
Yeah, just one more drink
I need one more drink
Just one more drink, I need one more drink
Yeah, I need one more drink
Yeah, just one more drink
Yeah, I need one more drink

[Verse 1]

Ay lil mama, I see you doing your thing
In the club, just you and your drink
Tryna holla, can you move my way?
We can ride through the town in the coupe all day
One more bottle get you loose, okay?
One more shot and she gon' lose my name
One more drink'll make me feel okay
I need one more night to make her be my bae
You can't stop be going up
I need one more shot, gon' turn me up
I'm too hot but too cold for touch
But shit, she might be the coldest one
I don't care what your friends say
And if I leave at the bar, it's a mistake
I'ma beat it like a dog in the Bentley
Just one more drink, you'll fall right in love

[Chorus]

One more drink, just one more drink
Can't stop thinking 'bout the world we left
Can't stop thinking 'bout this girl I met
Can't stop thinking 'bout the words she said
Just one more drink, just one more drink

Can't stop thinking 'bout this girl I met
Can't stop thinking 'bout the words she said
Can't get this bitch out my head

Just one more drink, I need one more drink
Yeah, I need one more drink
Yeah, just one more drink
I need one more drink
Just one more drink, I need one more drink
Yeah, I need one more drink
Yeah, just one more drink
Yeah, I need one more drink, yeah
