

When We

Tank

[Intro]

When we

When we

Mmm

When we

Go

[Verse 1]

I like it when you lose it

I like it when you go there

I like the way you use it

I like that you don't play fair

Recipe for a disaster

When I'm just try'na take my time

Stroke is gettin deep and faster

Screamin' like I'm outta line

[Pre-Chorus]

Who came to make sweet love? Not me

Who came to kiss and hug? Not me

Who came to beat it up? Rocky

And don't use those hands to put up that gate and stop me

[Chorus]

When we fuck

When we fuck

When we fuck

When we fuck

I could be aggressive (I could be aggressive)

I can be a savage (I can be a savage)

I just need your blessing (I just need your blessing)

Say that I can have it, yeah

When we fuck

When we fuck

[Verse 2]

You love it when I lose it

You love it when I go there

You love the way I use it

You love that I don't play fair

You end up callin me master (master)
Say this universe is mine
When we're done it's a disaster
End up like this every time

[Pre-Chorus]

Who came to make sweet love? Not me
Who came to kiss and hug? Not me
Who came to beat it up? Rocky
And don't use those hands to put up that gate and stop me

[Chorus]

When we fuck
When we fuck
When we fuck
When we fuck
I could be aggressive (I could be aggressive)
I can be a savage (I can be a savage)
I just need your blessin (I just need your blessin)
Say that I can have it, yeah
When we fuck
When we fuck

[Bridge]

Face down, ass up
Back, back, back it up
Lemme get both of them legs
And put em both behind your head
This shit is gettin deep, deep up in there
Feel your legs gettin weak up in here
Get a face full of that gushy, I'm close baby don't push me, this is how it always should be
when...

[Chorus]

When we fuck
When we fuck
When we fuck
When we fuck
I could be aggressive (I could be aggressive)
I can be a savage (I can be a savage)
I just need your blessin (I just need your blessin)
Say that I can have it, yeah
When we fuck
When we fuck
