

# Where the Sun Goes (feat. Stevie Wonder)

## Redfoo

Lady I've been watching you  
Uh, baby, I know you've been watching me too  
You're the type of girl intimate, that loves to dance  
Tomorrow we'll???

If you're the type of girl takin' hand and loves the sand  
Then baby, I'm the man! Let me take you where the sun goes, ah ah  
I can make your fantasies come to life,  
Wherever the sun goes (sun goes),  
Baby we can leave our shadows behind  
(Let's do it again someday)  
Baby, like the animals in the wild  
We could play all day and all night underneath the stars  
I'm the type of girl intimate and loves to dance,  
Tomorrow we'll???

I'm the type of girl takin' hand and loves the sand  
So, baby take me by the hand Let me take you where the sun goes, ah ah  
I can make your fantasies come to life,  
Wherever the sun goes (sun goes),  
Baby, we can leave our shadows behind  
(Let's do it again someday) Ooh oh oh oh oh  
Leave our shadows behind  
Ooh oh oh oh oh  
Leave our shadows behind  
Ooh oh oh oh oh  
Baby, baby

Guess who's rolling in that RG  
I don't flee, got next seat if you wanna roll with me and be free  
Oh, wait, let the games begin  
Turn up volume on ten,  
What a feeling, no ceiling  
Hands up, hair blowing in the wind, uh  
Two villains on the run, yeah  
Two kids following the sun,  
Footprints in the sand, skipping rocks  
Hold hands, lead me in this???

It's getting late, but ain't done yet  
Till the coast guard take out postcard by the sunset,  
Me and you sipping Malibu with a view! Let me take you where the sun goes, ah ah  
I can make your fantasies come to life,  
Wherever the sun goes (sun goes),  
Baby, we can leave our shadows behind Ooh oh oh oh oh  
Leave our shadows behind

Ooh oh oh oh oh  
Leave our shadows behind  
Ooh oh oh oh oh
