

# You Used to Hold Me (Laidback Luke Remix)

Calvin Harris

Yeah, I mean I've been here before but  
You're lucky I don't see you  
I'm just gonna make a couple million off of you  
I could get used to you This ain't the liquor girl it's all me  
I could get used to you  
You know I want you and you want me Girl realize  
Life feels better when you love somebody  
Know it's been a while since I trust somebody So tonight  
Come clean so that we can keep on pushin'  
I don't wanna have to go and keep on lookin'  
I could get used to you  
This ain't the liquor girl it's all me  
I could get used to you  
You know I want you and you want me Can't be wasting records on bitches that don't deserve it  
But I'm 'bout to make a million off this, guess it's worth it  
You lied from the jump  
Bout fucking rappers who get star struck When they meet me, you give it up  
To anyone who's got a moniker  
Damn, I'm not the only rapper that's a follower Damn, Your older brother must hate you  
Your parents hate the fake relationships and vacations where They take you and fake date you  
They're offended cause they raised you I be singing like Akon but bitch I'm not Akon  
I blame you, for the lies that you told to my face  
I'm a joke this a game yea I get it what a shame  
You're a hoe I got the texts to prove it  
I just hope for your sake I don't fucking lose it  
I could get used to you  
This ain't the liquor girl it's all me  
I could get used to you  
You know I want you and you want me  
Open up for me, ohhh  
Open up for me, ohhh  
I could get used to you  
This ain't the liquor girl it's all me  
I could get used to you  
You know I want you and you want me
