

# Middle of the Night

Amy Shark

Take back what you said  
You mess up my head  
Gotta see someone about the pains in my chest  
We made plans to move out  
Boxes all inside out  
And I waited at the front for you  
A million times in the middle of the night  
I'll pick up each time you call  
Savour all your letters too  
To save me  
To save me from my myself, myself Fuck my life, fuck my life  
I want you back all the time  
I think about you all night  
Fuck my life, fuck my life  
Maybe I should try to sit up  
Every time I eat, all I want to do is throw up  
On my body, on my life  
Swear on a double-edged silver knife  
I'm all over, I'm all tears  
I'm backdated, I'll take years  
To get back pretty, get back time  
Call you fucked up late at night Fuck my life, fuck my life  
I want you back all the time  
I think about you all night  
Fuck my life, fuck my life  
I helped you paint your room white  
We breathed in the fumes all night  
Fuck my life, fuck my life  
I want you back all the time  
I think about you all night  
Take back what you said  
You mess up my head  
Gotta see someone about the pains in my chest  
We made plans to move out  
Boxes all inside out  
And I know that you still love me too  
Just a little bit less than you used to  
Kill all of the plants inside  
Have friends 'round all the time Fuck my life, fuck my life  
I want you back all the time  
I think about you all night  
Fuck my life, fuck my life

I helped you paint your room white  
We breathed in the fumes all night  
Fuck my life, fuck my life  
I want you back all the time  
I think about you all night Fuck my life, fuck my life  
I want you back all the time  
I think about you all
