

Our First Time

Bruno Mars

(Don't it feel good, babe, don't it feel good, baby? Cause it's so brand new, babe, it's so brand new, baby)

Don't it feel good, babe, don't it feel good, baby?

Cause it's so brand new, babe, it's so brand new, baby!

And now here we are (here we are), in this big old empty room Staring at each other, who's gonna make the first move?

Been doing our thing for a minute, and now both our hearts are in it

The only place to go - is all the way, ooh baby

Is that alright? Is that okay? Girl, don't no need to be nervous,

'Cause I got you all night

Don't you worry about a thing babe

Just go with it, go with it, go with it

And I will go real slow with it, slow with it

It's our first time

Go with it, go with it, go with it

And I will go real slow with it, slow with it

It's our first time

Clothes are not required, for what we got planned

Ooh, girl your my desire, your wish is my command Treat you like a princess, ooh girl your so delicious

Like ice cream on a sunny day, gonna eat you before you melt away, hey hey hey, babe

Is that alright? Is that okay?

Girl, no need to be nervous,

'Cause I got you all night, don't you worry about a thing, no no no

Just go with it, go with it, go with it And I will go real slow with it, slow with it

It's our first time

Go with it, go with it, go with it

And I will go real slow with it, slow with it

It's my our time

(Don't it feel good, babe

We can go slow (we can go slow), we can go fast (we can go fast)

All you gotta do is ask me girl, ask me girl

The candles are burnin', our bodies are yearnin' I can't wait tonight, I'm so ready babe

I'm so ready baby

Just go with it, go with it, go with it

And I will go real slow with it, slow with it

It's our first time

Go with it, go with it, go with it

And I will go real slow with it, slow with it

It's my first time with you

Baby, and I wanna make it right for you

It's our first time
