

# Every Door (feat. Caleb Hyles)

## CG5

Hi! Welcome to my school house! Now, it's time for everyone's favorite subject! Math!

I go to school and get a corrupted education  
The time I spent here's left me yearning for vacation  
These notebooks that I seek  
They are my key to liberty

I think the teacher might be somewhat psychopathic  
Can't even figure out his basic mathematics  
Incomprehensible  
Close to impossible  
And as I get his problems incorrect  
He directs...

I hear every door you open  
And I know just where you're goin'  
You're failing again and again

My ruler's locked and loaded  
With my ulterior motives  
Think you can make it to the weekend?  
Better get out while you can!  
Get out while you can!

The retributive rhythm of the metronomic master  
It echoes through the halls...  
I think it's getting FASTER!

Trying to get ahead  
But I just get detention  
Each step is filled with dread  
He's paying close attention

Freedom sounds so sublime  
But now it's sweeping time  
And as I do my very best  
He still says:

I hear every door you open  
Did you say my system's broken?

Pathetic that you can't understand

Everything you're doing brings you closer to your ruin  
Don't think there ain't no consequences  
Get out while you still can!

Oh, I remember preschool  
Back when we always played  
It's dire times like these  
I wish I could have stayed

At least I get to jump rope...  
But it's just not the same  
She stops me in my tracks  
And it makes me go insane

He gets closer  
And closer...  
And closer!

OH OH  
THAT'S ME  
THAT'S ME  
THAT'S ME  
THAT'S ME  
MEEEE  
ME, ME  
THAT'S ME

OH OH  
THAT'S ME  
THAT'S ME  
THAT'S ME  
THAT'S ME  
MEEEE

He hears every door I open  
And he knows just what I'm doing  
And I can't start this over again  
His ruler's locked and loaded  
With his ulterior motives  
I'll never make it to the weekend

GET OUT WHILE YOU STILL CAN!

THAT'S ME  
THAT'S ME  
THAT'S ME  
THAT'S MEEEE

OH

THAT'S ME

THAT'S ME

THAT'S ME

THAT'S MEEEE (STAY, STAY AWAY FROM ME!)

OH

THAT'S ME

THAT'S ME

THAT'S ME

THAT'S MEEEE

OH

THAT'S ME

THAT'S ME

THAT'S ME

THAT'S MEEEE

It's me...
