

# They Don't Know

## Ariana Grande

Mmmm, watch me  
Hey, woo  
One, two, three...  
Watch me  
I walked over got this sunlight  
Ain't got time to listen to any shade, yeah  
The wind on my pony, top-down, alright  
Ain't got time to let them darken my flame  
That's right So light the fireworks  
Sing like no one's hurt  
Dance, it's us against the world  
Oh, they don't know, they don't know, they don't know, they don't know about us  
They don't know, they don't know, they don't know, they don't know about what we do  
Yeah it's true, I could have all this but I'm good if I got you  
They don't know, they don't know, they don't know, they don't know about...  
Mmmm, listen, watch me You act so lonely, catch that feeling  
So hold onto it for as long as you can  
We could run away, to only where we know  
Boy I got plans, hey So light the fireworks  
Sing like no one's hurt  
Dance, it's us against the world Oh, they don't know, they don't know, they don't know, they  
don't know about us  
They don't know, they don't know, they don't know, they don't know about what we do  
Yeah it's true, I could have all this but I'm good if I got you  
They don't know, they don't know, they don't know, they don't know about...  
Hey  
They don't know about, they don't know about, about, about us  
Light the fireworks , let it catch fire  
We gon' dance, dance 'til it hurts  
When we in the clubs  
We 'bout to let 'em know, know who's your girl  
So put your hand in my hand  
It's you and me, it's us against the world  
Sing it to me one more time  
It's you and me, it's us against the world  
Sing it to me one more time  
It's you and me, it's us against the world  
I'm tryna tell you honey, it's us against the world  
Oh, they don't know, they don't know, they don't know, they don't know about us  
They don't know, they don't know, they don't know, they don't know about what we do  
Yeah it's true, I could have all this but I'm good if I got you  
They don't know, they don't know, they don't know, they don't know about...

Mmmm, listen, watch me  
(I walked over in the sunlight)  
They don't know, they don't know, they don't know, they don't know about us  
(Wind in my pony, top-down, alright)  
They don't know, they don't know, they don't know, they don't know about what we do  
Yeah it's true, I could have all this but I'm good if I got you  
They don't know, they don't know, they don't know, they don't know about us
