

Keep It Close (feat. Kerli)

Seven Lions

Through the thunder
Through the rain
Dreading battlefields
Say you'll remain Keep it close
Stay cold Keep it close
When they're coming for us
When they're coming for us
Stay cold
Stay cool
Keep it close
Stay cold Bruised in ashes
In the dust
Hold your miracles
Glimmering through the rust
Keep it close
When they're coming for us
When they're coming for us
Stay cold
When they're coming for us
When they're coming for us Stay cool
