My bitch a foreigner and she love to fuck
She suck it up, make her fall in love
Put that on her tongue, Perky on her tongue
She do the walks for us (Walk that shit), make her one of us
The gas that I'm smokin' potent
Ice on my neck snowin'
I'm dark skin, glowin'
Off the Perky, I'm rollin'
Valet, park it
I'm screamin', I'm barkin'
They like, "Poppy, why you startin'?"
Pop a Perc', go retarded (Woo)
They know I'm wildin' and I need that respect
Seven hundred grams, icy baguettes
Pop Smoke, niggas know I'm up next
Drac' keep on shootin' until it's none left
I'm 823, yeah, I throw up the set
Twenty years old, but I move like the vet
You talk out your mouth, you better invest in a vest
Nigga, 'cause you could get left
Your bitch is a foreigner, huh?
I fuck her and pass her
Show her the difference between a dog and a master
Lamborghini truck, floorin'
Got your bitch in the back whorin'
She like, "Papi, I adore you"
I'm like, "Baby, I ain't normal," rrr
