

Madison Blues

George Thorogood & The Destroyers

You babes talk about your Madison shoes
We got a thing we call the Madison blues We do the Madison blues
We do the Madison blues
We do the Madison blues baby
Rock away your blues, ohh yeah Now I knew a gal her name is Lindsey Loo
She told me she loved me but I know it ain't true Put on your Madison shoes
Put on your Madison blue shoes
I've got the Madison blues
Now put on your Madison blue shoes ohh yeah
Now you're cats talk about your Madison shoes
We're doing a thing we call the Madison blues We do the Madison blues
We do the Madison blues
We do the Madison blues baby
Rock away your blues Now you babes are talking about your Madison shoes
We got a thing we call the Madison blues
We do the Madison blues
We do the Madison blues
We do the Madison blues baby
Rock away your blues
