

# Over and Over (feat. PJ Morton)

## Trin-i-tee 5:7

Here I come once again  
Knowing that I haven't done everything  
That you would like me to do for you  
So it's confusing cause you never stop doing what you do  
You blessed me over and over again  
Even when I'm not deserving  
You blessed me over and over again  
Even when I'm not deserving  
When I was sick in my body you made me well  
There're so many more things that I can tell  
And I'm just so grateful cause your always there  
You never gave up on me when I didn't care  
( )  
You blessed me over and over again  
Even when I'm not deserving  
You blessed me over and over again  
Even when I'm not deserving  
You blessed me over and over, over and over, over and over again  
You blessed me over and over, over and over again  
Oh you blessed me over and over, over and over, over and over again  
You blessed me over and over, over and over again  
Over and over, over and over, over and over again  
Over and over, over and over again  
Oooh  
You been so good  
Oh  
Lord I don't, Lord I don't deserve you love  
Yeah  
You blessed me over and over again  
Over and over, over and over, over and over again  
You blessed me over and over again  
Lord you been so good to me  
And this is why I praise you  
This is why I love you  
You been there through my tears  
And through my pain  
Over and over again  
You blessed me over and over again  
Even when I'm not deserving
